

Dr Bral David

VETERINARY CHECK REPORT

Horse name : callas	date : 7 october 2021
Sex : F	place : CEV
Presented by owner	n° Sire conforme 12158735H
	purchaser :

MEDICAL EXAMINATION

general health aspect : n
right eye : n
mucosa : n
skin : n
teeth : n
ganglions : n
larynx : n
jugulars veins : n
hearth : n
lungs : n
external reproductive tract : n

outline diagram : conform
left eye : n

slap test : n

HR : 36
RR : 12

LOCOMOTOR SYSTEM EXAMINATION

✓ **Static exam :**

horseshoes : n
limbs conformation : n

abnormalities : n
Inflammation : n
passive flexing test : n
hoof tester : n
plank test : n
back mobility : n

✓ **Dynamic exam :**

walking straight line : n
walk in eight digit : n
signs of ataxia ; n
trotting straight line : n
lunging in circle to the left on a hard surface : n
lunging in circle to the right on a hard surface : n
lunging in circle to the left on a soft surface : n
lunging in circle to the right on a soft surface : n
flexing RF : n
flexing LF : n
flexing RH : n
flexing LH : n
extension RH : n
extension LH : n
girth : n
other :

✓ **reviews to effort**

galloping attitude : n
cardiac auscultation : n after 10 min : n
lung auscultation : n after 10 min : n

RADIOGRAPHIC EXAMINATION :

	<i>gauche</i>	<i>droite</i>
✓ foot (front and lateral views)	n	n
1st phalanx :		
2nd phalanx :		
3rd phalanx :		
navicular bone:		
structure :		
proximal border :		
distal border :		
✓ hock : latero-medial view	n	n
talus, malleolus, calcaneus :		
tarsal articulation :		
tarso-métatarsal art. :		
✓ front fetlock lateral view :	n	n
✓ hind fetlock lateral view :	n	n
✓ stifle : profil	n	n

radiographic examination conclusion :
