

Groenlo, 10-03-22

Today the mare Ella Vienna was presented at the clinic for examination of the reproductive organs. The mare was rectally and vaginally palpated and a transrectal ultrasound was made of the uterus and left and right ovary.

There were no signs of an increased risk of reproductive failure in the future.

Horse ID:

Name: Ella Vienna

Chipnumber: 52821000228058

Date of birth: 30-04-2009

Sire: Painted Black x Arystokrat
