**RADIOLOGICAL EXAMINATION**

Date of exam: 19/20.10.2022

Horse: Lanzarote From Second Life Z

Microchip: 981100004682499

UEN: 056015Z55883719

Breed: Warmblood Belgium

Sex: Male

Date of birth: 21.04.19

Colour: Bay

Anatomy		View	Comment
<b>Foot</b>	RF	DP	No significant abnormalities
		LM	No significant abnormalities
	LF	DP	No significant abnormalities
		LM	No significant abnormalities
<b>Navicular</b>	RF	DPr-PaDiO	No significant abnormalities, grade 1
		Pa50Pr-PaDiO	No significant abnormalities, grade 1
		LM	No significant abnormalities, grade 1
	LF	DPr-PaDiO	No significant abnormalities, grade 1
		Pa50Pr-PaDiO	No significant abnormalities, grade 1
	LM	No significant abnormalities, grade 1	
<b>Fetlock</b>	RF	DP	No significant abnormalities
		LM	No significant abnormalities
	LF	DP	No significant abnormalities
		LM	No significant abnormalities
	RH	DPI	Radiating lucent lines to proximal medial sesamoid bone consistent with enlarged vascular channels
		LM	No significant abnormalities
LH	DPI	No significant abnormalities	
	LM	No significant abnormalities	
<b>Tarsus</b>	RH	DPI	Lucent areas to central and third tarsal bones over centrodistal joint. Small, mineralised periarticular fragment lateral to distal lateral aspect of central tarsal bone
		DMPLO	No significant abnormalities
	LH	DPI	Mineralised fragment lateral to distal lateral aspect of talus
DMPLO		Periarticular osteophyte to centrodistal and tarsometatarsal joints and modelling of the third tarsal bone's dorsal aspect	
<b>Stifle</b>	RH	Ca45L-CrMO	No significant abnormalities
	LH	Ca45L-CrMO	No significant abnormalities

Note: Soles not prepared

Other radiological examinations: no

Radiological conclusion: normal medical risk

Remark: none
