

Record for examinations

1) Data: customer seller

2) Spectators:

3) Date and Place of the examinations: **25.5.2021, Slovenska Bistrica**

4) Order for examinations:

- clinical examinations
- examinations and x-rays

5) Case history:

Sickness in the past, operations	NO EVID.
Medications during the last 6 weeks	NO EVID.
Management and feeding	NORMAL
Training	NORMAL
Intentional expenditure	NO EVID.
Stereotypes or abnormal behaviour	NO EVID.

6) Signalement

Name:	CANOSA
Race	OLDENBURGER
Color	BLACKBROWN
Brand	
Sex	mare
Dental age	5.5.2016 (5 YEARS)
Markings and characteristics	ID No.: DE418181032216 Chip No.: 276020000535302

I) General examination

Temperature: **37.4°C**

pulse quality: **normal**

frequency in resting stage: **28/min**

respiratin frequency in resting stage: **12/min**

expiration : **normal** laboured

inspiration : **normal** laboured

state of care: **normal**

state of nutrition: **normal**

skin and hair coat : **normal**

conspicuous scars : **no** yes

behavior : **normal**

nervous system: **normal**

jugular veins: **normal**

mandibular lymph node : **normal**

nasal discharge: **no** yes

spontaneous cough: **no** yes

Eyes: **normal**

manifestaton of an illness : conjunctiva cornea lens

anterior chamber of eye iris

vitreous body fundus of eye

II) Examination in resting stage

Respiratory system

- Initiation of cough normal
- Tracheal auscultation normal
- After respiratory stimulation normal

Heart normal

Oral cavity, dentition normal

External genitalia normal

Faeces normal

III) Examination of the locomotor apparatus

1) Adsppection and palpation of the legs

Front left bloody white line

Front right bloody white line

Back left normal

Back right normal

2) Shoeing NO (=4x normal shoeing)

3) Judgement in pace and trot

- at hand-straight-firm ground normal

4) Provocation test

Pain if you turn the horse no yes

Flexion tests for lameness

Front left (-) (+) (++) (+++)

Front right (-) (+) (++) (+++)

Back left (-) (+) (++) (+++)

Back right (-) (+) (++) (+++)

Examination of the back o.b.B.

IV) Examination under physical exercise

- Heart-respiratory system-locomotor apparatus

- 1) abnormal respiratory sound : no insp. exp.
- 2) respiratory problems: no yes
- 3) locomotor disorder: no yes
- 4) cough, nasal discharge: no yes
- 5) auscultation heart: normal
- 6) auscultation of lungs: normal

	Heart rate	Breathing rate
frequency in resting stage	check I	check II
Immediately after physical exercise	38 /min	30 /min
10 minutes later	29 /min	12 /min

V) Special examinations (x-ray):

1	Foot LM LAT left front	w.n.l.
2	Foot LM LAT left front	w.n.l.
3	Foot LM LAT left hind	w.n.l.
4	Tarsus DLMPO left hind	w.n.l.
5	Tarsus PLDMO left hind	w.n.l.
6	Tarsus DP AP left hind	w.n.l.
7	Stifle LM LAT left hind	w.n.l.
8	Stifle CdCr PA Left hind	w.n.l.
9	Foot LM LAT right front	w.n.l.
10	Foot LM LAT right front	w.n.l.
11	Foot LM LAT right hind	w.n.l.
12	Tarsus DLMPO right hind	w.n.l.
